

**2012**

**NC 4-H Hippology  
Contest**

**Senior Division**

Identification Slides

1

**What is the approximate age  
of this horse?**

- A. 3 years old
- B. 5 years old**
- C. 15 years old
- D. 8 years old
- E. 12 years old

2

**What conformational fault is  
shown below?**

- A. Contracted Heels**
- B. Pigeon Toed
- C. White Line Disease
- D. Thrush
- E. None of the above

3

**Identify this breed of horse.**

- A. Morgan
- B. Saddlebred
- C. Arabian**
- D. Tennessee Walking Horse
- E. Prezwalski's Horse

4

**What condition does this horse  
exhibit?**

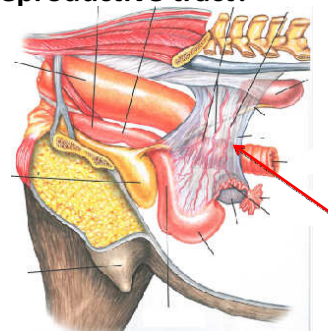

- A. Scoliosis
- B. Bad Back
- C. Lordosis**
- D. Hunter's Bump
- E. Broken Back

5

**What is the red arrow pointing to in the  
mare's reproductive tract?**

- A. Kidney
- B. Uterus
- C. Broad Ligament**
- D. Ovary
- E. Rectum

6 What dental disorder is shown below?

- A. Parrot Mouth
- B. Pig Mouth
- C. Cow Mouth
- D. Monkey Mouth**
- E. Cribber Mouth

7 Name the bone that the red arrow is pointing to.

- A. Scapula
- B. Ulna
- C. Radius
- D. Humerus**
- E. None of the above

8 What type of bit is this?

- A. Shank Bit
- B. Snaffle Bit
- C. Liverpool Bit**
- D. 7-Shaped Shank
- E. Segunda Bit

9 What is the red arrow pointing to in the digestive system of the horse?

- A. Pharynx
- B. Small Intestine
- C. Stomach
- D. Esophagus**
- E. Liver

10 What type of behavior is being demonstrated below?

- A. Epimeletic**
- B. Sexual
- C. Ingestive
- D. Allelomimetic
- E. Et-Epimeletic

11 What respiratory disease is shown below?

- A. Sinus Infection
- B. Strangles**
- C. Sore Throat
- D. Empyema
- E. Pharyngeal Lymphoid Hyperplasia

12 What soft tissue injury is shown below?

- A. Broken Bone
- B. Bog Spavin
- C. Capped Cannon
- D. Bowed Tendon**
- E. Torn Suspensory Ligament

13 What part of the respiratory system is the red arrow pointing to ?

- A. Lung
- B. Left Main Bronchus
- C. Accessory Lobe
- D. Right Caudal Lobe
- E. Trachea**

14 What type of fencing is shown below?

- A. Diamond Mesh
- B. Twisted Wire
- C. Barbed Wire**
- D. Hot Wire
- E. None of the above

15 What disease is shown below?

Hint- it involves an accumulation of air within the guttural pouches

- A. Guttural Pouch Mycosis
- B. Swollen Glands
- C. Lymphatic Syndrome
- D. Big Jaw Disease
- E. Guttural Pouch Tympany**

16 Identify the equipment shown below.

- A. Leg Splints
- B. Artificial Vaginas**
- C. Water Containers
- D. Saddle Bags
- E. None of the above

17 What part of the brain is the red arrow pointing to?

- A. Pituitary Gland**
- B. Thalamus
- C. Olfactory Bulb
- D. Cerebellum
- E. Pineal Gland

18

What part of the bone is the red arrow pointing to?

- A. Bone Marrow
- B. Periosteum**
- C. Cartilage
- D. Skin
- E. Cortical Bone

19

What type of mouth piece is shown below?

- A. Happy Mouth
- B. Round Port
- C. Segundo-Style**
- D. Curb
- E. Myler

20

What type of hay is this bug commonly found in?

- A. Fescue
- B. Orchard Grass
- C. Alfalfa**
- D. Coastal Bermuda
- E. Bluegrass

21

What structure is the red arrow indicating on this ovary?

- A. Broad Ligament
- B. Ovarian Ligament
- C. Ovulation Fossa**
- D. Ovum
- E. None of the above

22

What part of the barn is the red arrow pointing to?

- A. Copula**
- B. Attic
- C. Hay Storage
- D. Bird Nest
- E. Look Out

23

What breed of horse is shown in this picture?

- A. Suffolk
- B. Percheron
- C. Bashkir Curly**
- D. Clydesdale
- E. None of the above

24 In what event would this type of saddle be used?

- A. Reining
- B. Western Riding
- C. Barrel Racing**
- D. Horsemanship
- E. Cutting

25 What feed additive is shown below?

- A. Dried Molasses
- B. Beet Pulp**
- C. Cereal Flakes
- D. Extruded Pellets
- E. None of the above

26 Which ligament is the red arrow pointing to?

- A. Deep Digital Flexor
- B. Superficial Digital Flexor
- C. Volar
- D. Lateral Collateral**
- E. Common Digital Extensor

27 Identify this breed.

- A. Arabian
- B. Holsteiner
- C. Morgan**
- D. Tennessee Walking Horse
- E. Prezwalski's Horse

28 What internal parasite is shown below?

Hint- it is commonly seen in young horses

- A. Ringworm
- B. Roundworm**
- C. Tapeworm
- D. Strongyles
- E. None of the above

29 What is the red arrow pointing to?

- A. Blinder**
- B. Eye Piece
- C. Carriage Bridle
- D. Eye Cover
- E. None of the above

30

What class would use this pattern?

- A. Reining
- B. Trail
- C. Western Riding**
- D. Showmanship
- E. Horsemanship

31

What part of the stallion's reproductive tract is the red arrow pointing to?

- A. Sigmoid Flexure
- B. Epididymis
- C. Cremaster Muscle
- D. Penis
- E. Testes**

32

What feral animal is this?

- A. Zebra
- B. Burro**
- C. Mule
- D. Prezwalski's Horse
- E. Reindeer

33

What is this person checking for?

- A. For sticky gums
- B. Fever
- C. Capillary Refill Time**
- D. Gum Hardness
- E. All of the above

34

What blemish is shown below?

- A. Hockitis
- B. Bowed Tendon
- C. Shoe Boil
- D. Capped Hock**
- E. Curb

35

What disease does this document test for?

- A. Coggins Disease
- B. Equine Herpes
- C. Equine Infectious Anemia**
- D. Rhinopneumonitis
- E. Potomac Horse Fever

36

What bone is the red arrow pointing to?

- A. Third Phalanx
- B. Second Phalanx
- C. Large Metacarpal
- D. Proximal Sesamoid
- E. First Phalanx**

37

Identify this breed.

- A. Quarter Horse
- B. Hanoverian**
- C. Saddlebred
- D. Suffolk
- E. United States Black Horse Breed

38

What is this device used to sample?

- A. Feces Sampler
- B. Hay Sampler**
- C. Grass Probe
- D. Soil Probe
- E. None of the above

39

What type of bridle is shown below?

- A. Hunt Seat Bridle
- B. Double Bridle**
- C. Pelham Bridle
- D. Kimberwick Bridle
- E. None of the above

40

Identify this breed.

- A. Zonkey
- B. Zebra
- C. Przewalski's Horse**
- D. Buckskin
- E. Miniature Donkey

41

What internal parasite is shown below?

Hint- This parasite is known to cause tail rubbing

- A. Ascarids
- B. Pinworms**
- C. Roundworms
- D. Strongyles
- E. Tapeworms

42 What conformational fault is shown below?

- A. Splay-footed
- B. Cow-hocked**
- C. Base Narrow
- D. Base Wide
- E. None of the above

43 What is this fungus called?

- A. Rain Rot
- B. Ringworm**
- C. Edema
- D. Saddle Sores
- E. None of the above

44 What reining maneuver is shown below?

- A. Roll Back
- B. Sliding Stop**
- C. Back
- D. Stop on the Haunches
- E. Pop-Up

45 What is this farrier tool?

- A. Nippers
- B. Rasp
- C. Hoof Knife**
- D. Frog Cutter
- E. None of the above

46 What famous Triple Crown Winner is shown below?

Hint- He is known for winning the Belmont Stakes by 31 lengths

- A. Man' O War
- B. Affirmed
- C. Secretariat**
- D. Barbaro
- E. Seattle Slew

47 Identify this breed.

- A. Saddlebred
- B. Arabian
- C. Trakehner**
- D. Lipizzaner
- E. Quarter Horse

48

What blemish is shown below?

- A. Wind Puffs
- B. Curb
- C. Punctured Fetlock
- D. Bowed Tendon
- E. Nothing is wrong

49

What part of the sperm is the red arrow pointing to?

- A. Neck
- B. Nucleus
- C. End Piece
- D. Mitochondria
- E. Acrosomal Cap

50

Identify this breed.

- A. Suffolk
- B. Clydesdale
- C. Percheron
- D. Belgium
- E. Shire
